There Are None Friendless

1. There are none friendless, none afraid,
2. Truth sets us free from thought of sin;

The saving Truth who know,
It heals all sorrow’s blight.

Their shining path leads from the shade,
Imortal joy is found there in,

And up to light they go,
And there shall be no night.

3. And O, may we, God’s children true,

God’s healing love make known,

And see by faith all things made new

When ruled by Love alone.
